

## SCHOOL-AGE CHILD CARE

The Y's Kids curriculum is designed to support the healthy development of children by building strengths and meeting the needs of the whole child. Increased student achievement and reduction of risk-taking behaviors are two primary goals of the program. The curriculum achieves these goals through engaging students and their families in balanced activities aligned with the Ohio Academic Standards.

The commitment of Northwest Local Schools to academic excellence and the YMCA's commitment to healthy children, families and communities have been brought together to create a setting for optimal growth. The program's activities and structure incorporate the philosophies of NWLSD and the YMCA building health and supporting academic excellence. The Search Institute's 40 Developmental Assets and the Ohio Academic Standards are combined to represent each institutions's values.

Tuition for this program is based on your schedule of either full or part-time. Please call the Clippard Family YMCA 923-4466 for pricing details. Financial Assistance is available through the Hamilton County Department of Human Services or through the Clippard Family YMCA Scholarship Program.

We build strong kids, strong families, strong communities.

## PRESCHOOL LEARNING CENTER

### Ages 3-5

Our licensed preschool offers a well-rounded education centered around the YMCA values of Caring, Honesty, Respect and Responsibility. Activities will be geared toward building creativity, self-esteem, cooperation and independence. Story time and craft time are integrated with pre-writing and pre-math skills to foster kindergarten readiness. Each class will have the opportunity to swim in the waterpark and enjoy activities in the Clippard YMCA gymnasium.
